Infectious Waste Processing Facilities collect tonnage fees on delivery to the facility. Additionally, if infectious waste is transported from more than a three hundred mile radius of the facility, a fee of ten percent of the total dollar amount charged by the facility for management of that waste must also be collected. For further information, see [10 CSR 80-7.010](#), Infectious Waste Management.

\*Many of Missouri's transfer stations are listed as handling zero tons of waste per year. According to Missouri Law, the tonnage fee is only assessed on transfer stations if the waste is transported out of state. If the waste stays in Missouri, the fee is assessed and the tonnage is recorded at the landfill it ends up in, not the transfer station it goes through. For more information, see [10 CSR 80-2.080](#), Tonnage Fees.
